- A. Alligators at least 23 inches raised on a permitted alligator farm, skins, or products of such captive-reared alligators may be sold only upon written approval from the Commission and in compliance with the restrictions below. An alligator farmer also may use any product from a captive-reared alligator less than 23 inches that dies from natural causes, but only in compliance with the following restrictions:
1. No alligator shall be skinned unless the alligator farmer/dealer first obtains written approval from the Commission. Records must be provided to verify that each alligator to be harvested was hatched and captive-reared on the farm or otherwise obtained from a legal source.
 2. Any alligator killed under authority of this section shall be tagged immediately with a tag furnished by the Commission. The tag shall remain attached to the alligator hide until finally processed by the fabricator. It is unlawful for any alligator farmer, dealer or processor to possess untagged alligator hides.
 3. Identifying tags issued to farms are property of the Commission. Alligator tags will be issued to a permitted alligator farmer upon request at least two weeks before scheduled harvest, subject to verification of available stock by Commission personnel. Unused tags must be returned to the Commission by January 15 the year after the tags expire. Possession of Commission alligator tags by persons other than permitted alligator farmers shall be unlawful. Tags are to be used only on skins and on live alligators (1 tag per alligator) shipped directly to a licensed abattoir.
 4. The meat of any alligator legally harvested may be consumed by the alligator farmer and his immediate family but shall not be sold or transferred except as provided in these regulations.
- B. An alligator farmer/dealer may sell, barter, exchange, give or loan any live alligators of at least 23 inches provided written approval is first obtained from the Commission for each transfer. If sold, bartered, or exchanged in interstate commerce or foreign trade, the legal requirements of the state or country involved in the transaction must also be satisfied.

A live alligator under 23 inches may be sold, loaned or donated to an accredited zoological park or to an Arkansas state or federal agency for educational use provided written approval is first obtained from the Commission. The request for approval must be made in writing by both the alligator farmer/dealer and the educator, describe each alligator by length, belly size, and sex, if known, detail where each alligator will be housed and list the party responsible for the care and housing of each alligator.
